■ Terms of business

1 General

- 1.1 Every exhibitor is obliged to dispose of such waste as is generated on his exhibition stand at his own expense and without delay. Messe München GmbH provides exhibitors with a wide range of environmentally friendly waste disposal services. Once Messe München GmbH's approved waste disposal contractor has been appointed, the latter guarantees the due and proper disposal of the waste generated.
- 1.2 If you have appointed a company to build your exhibition stand, please inform the company concerned of our relevant guidelines.
- 1.3 In accordance with Munich city council statutes concerning the disposal of commercial and construction waste, the separation of waste into individual recyclable groups is a mandatory requirement. All exhibitors and stand builders are therefore obliged to take effective steps before, during and after the event to minimize waste and ensure both its proper separation and disposal. Disposable carpeting should be avoided. Please refrain from using disposable tableware.
- 1.4 Waste for the disposal of which no approved waste disposal contractor has been appointed may at no time be stored outside the rental stand area. The storage of empty boxes in the hall is generally prohibited.
- 1.5 The waste containers in the loading yards may be filled by persons appointed by Messe München GmbH only.

2 Waste disposal during the stand set-up and dismantling periods

- 2.1 Page 1 of this form should be used for ordering waste disposal services. We kindly ask you to place your order no later than six weeks prior to the start of the set-up period to ensure the punctual processing of your order.
- 2.2 Waste sacks (item no. 30840) will be supplied as of the delivery date requested. If no delivery date is stated, they will be supplied in the course of the last stand set-up day. Sacks that have been filled may remain in the halls and will be collected from there.
- 2.3 Containers (item nos. 30832 and 30833) are lockable (padlock not included) and will be delivered to the stand as of the delivery date requested and will be collected from there too. Containers with a capacity of 1.5 or 2.5 m³ are equipped with rollers and can be moved by hand. Containers with a capacity of 5 m³, which can be moved with a pallet truck, will be delivered to and collected from outside the hall only. The collection and/or emptying of containers can be registered directly with the approved waste disposal contractor at +49 89 949-24740 as and when required. If the container lid can no longer be shut due to the container being too full, a handling fee of EUR 70 (item no. 30806) will be charged for each such container. Notably on the last stand set-up day, Messe München GmbH and/or its approved waste disposal contractor are entitled to collect filled containers at the expense of the exhibitor if the containers are left standing for longer than two hours without any request for collection.
- 2.4 Waste sacks (item no. 30840) and containers (item nos. 30832 to 30834) may be filled with mixed waste (no hazardous waste, no food waste, no liquids) only.
- 2.5 Carpeting (item no. 30801) can be rolled up or bundled and left on the stand for collection if it has been registered for collection. Wood and chipboard (item no. 30807) as well as any other waste generated (item no. 30809) can be collected following its registration with the approved waste disposal contractor and the issuing of a delivery note. During the stand set-up period wood waste and/or chipboard can be collected from OUTSIDE the halls only; during the dismantling period it can be collected from inside the halls.
- 2.6 For other waste not mentioned on page 1 or in the event that larger containers are required, please contact our approved waste disposal contractor at +49 89 949-24730 and ask for a special offer.
- 2.7 On the evening of each stand set-up and dismantling day, all waste must have been removed from the halls by 20:00.
- 2.8 The rental area is to be left in a swept and generally clean state at the end of the dismantling period. Adhesive tape and other debris are to be removed by the exhibitor himself or by a company appointed by him.

3 Waste disposal during the event

- 3.1 Gray waste sacks will be distributed during the event for any standard (non-production) waste generated on the stands. The sacks filled with waste must be deposited on the stand perimeter in the evenings (by 20:00). Important to note! No collection of waste is possible in the mornings! A fixed waste disposal fee per m² of exhibition space is charged for waste generated during the event, as specified in the Special Terms of Participation (B) applicable for the event. Any further questions you may have should be addressed to our Technical Exhibition Services Division (TAS).
- 3.2 Containers for food waste and old oil/fat are delivered to the outside of the halls following a request to this effect by telephone at +49 89 949-24730. Kindly contact our approved waste disposal contractor for this purpose in good time. All containers are equipped with rollers and can be moved by hand.

4 Billing of disposal services and other provisions

- 4.1 All prices stated are net and subject to statutory value-added tax.
- 4.2 The order placed via page 1 is binding. Services ordered will be billed to the exhibitor. Cancellation is possible free of charge up until 14 calendar days prior to the date of delivery. Any cancellations made after this time will be billed at 50% of the price. The full price will be charged if the services ordered are rejected upon their delivery.
- 4.3 The recipient of the bill is always the contractual partner (exhibitor) of Messe München GmbH. The bill cannot be addressed to a third party.
- 4.4 The exhibitor is obliged to pay the amount due without deduction immediately upon receipt of the bill. Messe München GmbH is entitled to demand advance partial payment of the services ordered. Messe München GmbH is not obliged to check the details stated for their correctness and completeness. Any doubt in this respect is the responsibility of the customer.
- 4.5 Messe München GmbH reserves the right to change its prices due to higher disposal costs.
- 4.6 The provision of items on a rental basis is for the agreed use and period only. The exhibitor is liable for any damage and/or loss. Any items that are not returned will be charged to the exhibitor at the cost of replacement. The repair cost of any damage will also be billed to the exhibitor insofar as no replacement is required.
- 4.7 Messe München GmbH's Technical Guidelines and its General Terms of Contract for Exhibitor Services apply additionally.
- 4.8 Waste stored by the exhibitor, his customers or persons appointed by him outside the area of the stand without any arrangements having been made for its disposal and waste left by the exhibitor on the grounds of Messe München GmbH after the designated stand dismantling period will be disposed of as mixed waste (loose quantities; item no. 30812) at a price of EUR 90 EUR/m³ plus VAT, whereby a separate handling fee (item no. 30806) of EUR 70 plus VAT will be raised additionally. Each cubic meter or part thereof will be charged as 1 m³. The same applies to any adhesive tape or residue thereof that has not been removed from the hall floors by the end of the designated stand dismantling period.

Our approved waste disposal contractor Remondis GmbH & Co. KG can be contacted by telephone at +49 89 949-24730.
